2 days. 18 hours. 1 transformation.

***THE PRICE OF PROGRESS:
A Game of Powers, A Cost for All***

From the fierce debates of the **Eloquium Cup in April 2025**, to the energy-charged **Summer Camp in July 25'**, and through the **September 25' & November 25' Debate Camps** : each moment has built the momentum that leads us here.

This March, we're bringing you together as those who **don't settle for easy answers** : debaters who will question and engage with the complexity of our world instead of avoiding it.

Because today, more than ever, our **shared reality demands it!**

And as wars rage and truths crumble, one question becomes unavoidable: **what space do we occupy in a fractured world?**

In a macrocosm where information is overwhelming, in constant change and where certainty is rare : the ability to analyze and respond clearly is **a real advantage**.

And if September's edition was about **building your voice**, November's about **defending it through refutation and rebuttal** : this one will be all about **THE PERSUASION BLUEPRINT** : **How convincing is your thinking when tested?**

Through the fundamentals of logic and persuasion, you'll learn how to move **from raw ideas to coherent, compelling arguments** that can withstand scrutiny. This is where you start understanding **not just what you think**, but **why it holds**, and **how to communicate it** with precision and impact.

At **Eloquium**, our motto is simple: **SET THE STANDARD.**

Building upon it, you made it here - but now the real question is: **Are you ready to pursue the greatness you're destined for ?**
